***2000 (and more) veterans expected in Helsinki***

***Not yet all nations / competitors are registered, but up to now a new record in participation becomes apparent. So far San Sebastian (2003 - 1565 athletes) and Bordeaux (2001 - 1409 athletes) were leading, however Helsinki is beating all records: more than 500 participants from Finland, more than 300 from Germany, followed by Great Britain (194), Italy (154), Spain (115). Even 40 athletes from Ukraine are registered.***
